## MESSAGE FROM THE PRESIDENT

Dear Friends,

On behalf of the leadership of the United Way of Washington County, Mississippi, I want to say thank you to our community members for your continued support. Your volunteer efforts and generous donations are essential to the 10 local agencies supported by the United Way. These agencies provide programs for at-risk youth, counseling services, medication and housing assistance, and more.

The United Way of Washington County seeks to improve the quality of life in our community by focusing on the areas of education, health, and financial stability. When you donate to the United Way of Washington county, .99 cents of every dollar is donated locally. The people you are supporting are your neighbors.

The current Covid-19 pandemic has provided a nearly inconceivable challenge to our Nation and our community, and has created even more need in an already undeserved area. The United Way of Washington County has responded by allocating \$131,300 in 2021 to our designated agencies to help in meeting these needs. This would not be possible without the support and commitment of our donors and volunteers.

It is my honor to serve as President of the United Way of Washington County, and I again thank all of our partners for their efforts. If you have any questions or suggestions as to how we can improve our service to our community, or would like to donate or volunteer, please feel free to contact me or the United Way of Washington County's Executive Director, Jennifer Russell.

Sincerely,

Amy Walker
